

AED Subcommittee

1st meeting

29/9/2017 3:00pm

Attending: Sharon Corbett, John Ralfe, Gary Blair, Wayne Chisnall, Reinhard Gebhard

It was decided that Reinhard will chair the subcommittee.

Reinhard met Arthur Hawkes on Thursday 28/9, who told him that the AED outside the Mapua hall is still some time away. They need funding first. This is initiated by the tennis club and probably the bowling club. So at this stage we only have to look after the two AED's at Cushlas and the wharf.

Wayne to check with council about funding the necessary replacement parts, probably only batteries and pads.

Also Wayne to follow up with MDCA about taking ownership of the AED's. That is a requirement for us to get active.

We need the expiry dates for the batteries and pads of the two AED's in question. Sharon will check the one at Cushlas and John at the wharf.

Reinhard will enter them into his computer with enough warning to get spare parts when necessary.

A main question is how we know when they were used. Suggestion to have a sticker there to inform the Mapua hall when they were used. Reinhard to check with Megan and the hall committee.

It was agreed that Reinhard will send out the address details, phone numbers and emails of all five members to the group.

Meeting closed at 3:30.
