Subject: Fwd: letter to Users

Dear Fellow Hall Users,

Thank you all for your ongoing care for our great community hall.

To this purpose would you please remind all your clients of the constant need to reduce damage to our beautiful matai wooden floors. The paid cleaning is done only twice a week.

We must all get gravel out of our shoes before entry and every group must clear up gravel which has come in and is on the carpet.

We can all help to keep our hall beautiful.

Kind regards,
Your Hall Committee.
