Hi Elena

I will add this as correspondence received for the next meeting – so we have a record.

Tim – while this is a little delayed from Janet, do you think it is worthwhile putting onto Facebook? Certainly part of our community's concern also .

Kia ora Elena,
It has taken me a while to find this back in the email pile that accumulated while we were away!
As mentioned last evening.....
Lovely day – hope you are enjoying it!
Best wishes,
Janet

Subject: FW: Passenger Service Motueka to Nelson

Hello
My husband and I are doing research re the possibility and need of a transport shuttle from Motueka to Nelson in the mornings.
Would you be able to share our survey with members and interested parties please.
<https://www.surveymonkey.com/r/WGPKFK2>

Also if you have any further comments around a service such as this we would be happy to hear from you.
My husband Shorty has been a courier driver in Motueka for the past 8 years and loves the town and would like to continue his association with the community. We are looking for gaps in the market, and ways to help with transport. We have two courier vans which if not needed will sell and buy a passenger shuttle.

Thank you
Regards Marcia Higgs
