

Waimea Inlet Forum working group report for 9 October 2017, held in Mapua hall.

1. Third draft of Implementation Plan is being drawn up by Peter Lawless.
2. Gambusia issues for streams restoration. – DOC is trying to destroy these invasive exotic fish but is being hampered by restoration which puts curves and hiding places into previously straight 'drains'. Leader, Christie Webber, has asked for such work to stop until all gambusia are dealt with.
3. TET AGM on 22 November at the Headingly Centre, 1.0pm. Dana Clark, Cawthron, is the speaker. All invited.
4. Submission on Boomerang Farm subdivision application asking that all silt run-off should be contained so that none leaks into streams nor estuary.
5. Sustainable Seas Challenge – [www.sustainableseaschallenge.co.nz](http://www.sustainableseaschallenge.co.nz)
6. A public forum is being planned for Friday 23 February '18, 4.0 to 6.0 pm.
