RE: Māpua Hall Society Grant Application

Tēnā koe

We write in support of the Māpua Hall Society's grant application. The Māpua and Districts Community Association is one of many groups that hold regular meetings and events at the hall. However, the role we play in the community means that we are aware of how extensively the hall is used for a broad range of community initiatives.

The Māpua hall is an integral focus point for our community. The facilities it offers are essential for community members to interact and engage. It is highly utilised as an events centre, meeting area, community gym, art gallery and much more. While there are many volunteers, it is essential that a paid staff member is able to be resourced to ensure the efficient running of the hall, including management of bookings, facilities oversight, and general administration.

The Māpua and Districts Community Association is proud to support this application of the hall, and is happy to be contacted if any further information is required.
