Nigel Jones from Hills Community Church is hoping to send the application for funds to Rata very soon so I have drafted this. Is it ok for Jolene to send the following to him.

The Mapua and District Communities Association are very happy to support an application for funding to help employ the youth worker to run club activities for the Mapua young people. These clubs give the youth a safe place to meet in a supervised setting and fill an acknowledged void in the community. We fully endorse this application.

Helen
