Hi Kim,

The TDC has been in communication with me on the state of the Aranui Road development and advised that there has been no Resource Consent application for this development. That put me in a bit of an embarrassing situation and I have now received anecdotal feedback that Ridgeview Developments did not proceed with its application because of the TDC's intransigence regarding the proposed pathway connecting Jessie St with Aranui Rd. Your letter of June 2016 sought MDCA endorsement of the proposed development and this was enthusiastically given. If in fact the development was put on hold it would have been helpful for the MDCA to know this.

As my letter to the TDC outlined the community is desperate for a pathway connection between Higgs Rd and Aranui Rd and this development was going to facilitate this.

I have two questions:

1. What is the current situation with respect to Ridgeview's proposed Aranui Rd development?
2. If it is not proceeding would the owners of the land consider building a pathway between Jessie St and Aranui Rd?

Regards

Wayne Chisnall
