Subject: MWWG - Lighting & Mounds

To: Michelle Fraei <Michelle.Fraei@tasman.govt.nz>

Cc: David Martin <svgalatea@gmail.com>

Good afternoon Michelle,

Here is the feedback from MDCA regarding the lighting & mounds on the Waterfront Park.

Solar Lighting:

- Lighting to either be on time delays or light sensitive
- lighting styles either Option 2 and 4 of illustrations provided favoured with light in a downward direction.

Mounds:

- Location is a concern with regard a wet area. Will follow TDC recommendation regarding this.
- Some concerns raised from neighbour regarding noise.
- Money for these has been raised and the contractor has been paid. All that is holding the installation up is the co-ordination between TDC and the contractor.

I apologise for the delay in getting this information to you Michelle.

I confirm (as pre-arranged) I will have the MDCA feedback regarding the Ngaio tree Reserve development options to you by Wednesday of next week, after our public meeting on Monday night.

Kind Regards

Marion
