Hi Wayne,

I will contact Ken Drake to discuss. I know his wife is unwell and he may have been distracted caring for her. As soon as I have been in touch with him I will get back to you.

Regards,

kim

Subject: Proposed cycleway/walkway - Jessie St/Aranui Rd (Attention K Bowie)

Hello Mr Bowie,

I am on the Mapua and District Community Association (MDCA) Exec and look after road and footpath issues.

On 3 June 2016 you wrote to the MDCA on behalf of your clients Ken and Heather Drake. They had purchased the block between 85-91 Aranui Rd and were alerting the MDCA to their plans to build a house and to develop a number of small houses on the remainder of the site. They were also proposing to service these houses with a cul de sac from Aranui Rd and connecting this to Jessie St by a pathway/cycleway to enable passage from Jessie St to Aranui Rd for cyclists and pedestrians.

The MDCA were very supportive of this proposal but I have been asked to follow up on progress with the proposal. Is Ridgeview Developments Ltd continuing with the proposal and if so what sort of timeframe are they working to?

Regards
Wayne Chisnall
MDCA Exec
