Hi Steve,

I am getting conflicting information about this tender and hoped you could advise just where it is at:

Colin Walker has been in touch with Richard Firth and it seems from what he says that only Higgs Rd footpath and the refuge crossing at Mapua Dr/Aranui Rd are being built. Is that the case?

If so, what will happen to the Seaton Valley pathway, the Aranui Rd/Higgs Rd refuge crossing (by the Library), and the extension of the Mapua Dr pathway South to Highway 60?

Regards

Wayne
