

Footpaths Update

Jamie McPherson, TDC Transportation Manager, has provided the TDC Footpath Priority List for the community to provide feedback on. Mapua has a number of pathways near the top of the list of 85 projects:

- Mapua Drive connection across #125 is ranked #2
- Mapua Drive to the Highway is ranked #5
- Pomona Road from Crusader Drive to Korepo is ranked #11
- Seaton Valley Road pathway extension to Dawson Road is ranked #18
- Tahi Street is ranked #30

We have suggested that the path to the Highway is of a higher priority to #2 and have asked for indicative timelines.

The MDCA has asked that the resurfacing of the new Seaton Valley pathway be made a high priority.

AED Training

This training can be provided by a Jennian Homes sponsored trainer but we are still waiting for a date when the trainer can come up from Christchurch.
