Hi Marion

Thanks for this, all good with me.

Regards

Richard

Subject: Ngaio Tree Reserve Presentation at MDCA meeting Monday 8th April

Good morning Richard,

The schedule for for Monday nights MDCA meeting has now been finalised.

Your presentation of the Ngaio Tree Reserve Development plan is the last of four presentations from TDC reps on the night with a 15 minute time slot between 8.10 - 8.25p.

Following directly on from this is a 30 minutes brainstorming session 8.25 - 8.55p where the audience will be divided between four tables. Your participation as an adviser during the brainstorming session would be very welcomed. My thought is to have yourself, Naomi, hopefully David and myself as reps of MWWG's Ngaio Tree sub-committee stationed at each table to help with questions that may be asked.

Each participate will be provided with a feedback form for them to write down their individual views. These forms will be collected and collated so as to report back to MWWG April 15th meeting. The purpose for being around the table is for the views from others to

be heard so feedback received is undertaken from an informed, considered perspective.

We can be a little flexible with how the time slots are allocated, providing we finish no later than 8.55p, as there will be other MDCA business to be attended to.

Unfortunately, at this point in time, the new projector system in Mapua Hall has not been fully completed. I have been trying to get an ETA and I am waiting for a phone call this afternoon with hopefully some news.

In the mean time, I feel I need to warn you there may be a possibility we may not have access to the system. I will let you know, with hopefully good news, at the end of this week.

Thank you for all your assistance in making this presentation and opportunity for our community possible.

Kind Regards

Marion Satherlye

MDCA Chair
