Hi Marion,

I'm not sure if you have heard from Tim but to possibly help the situation here's what happened at Brightwater last night. Several staff members were present but only a couple were required to answer questions that arose. Tim gave the presentation which I meant to time. I recorded the start time but forgot to note the finish time sorry!

I think it would have been 15 minutes without any questions. There were a couple of questions which took around 10 minutes. The whole meeting was done and dusted by about 9pm. Please note however that last night's presentation was only on the Annual Plan whereas MDCA has both the Annual Plan and the Future Development Strategy on the agenda. Staff will be presenting the FDS I would think.

As far as who will do the A/P presentation I understood Tim had offered.

Regards,
Anne.

Good morning Tim,

Just wondering how you got on doing the Wakefield Annual Plan Presentation last?

Also wondering whether a decision has been made to who will be undertaking the presentation?

Sorry for the pressure, but I am in the process of compiling the agenda for next week's meeting which needs to include this item, the presenter and a timeline ready for emailing on Thursday evening.

I appreciate any assistance to achieve this goal you are willing to give.

Cheers Marion

Good afternoon Anne, Tim And Dean,

I have been in communication with Jacqui Dean TDC rep for the NN/TSM Future Development Strategy. Jacqui is undertaking a presentation (along with Glenn Thorn - Mapua Reserve Playground & Richard Hollier - Ngaio Tree Reserve) at MDCA's General meeting on the 8th April.

In Jacqui's last communication she mentioned that one of you would also be speaking at our 8th meeting about the up and coming Annual Plan.

Three guest speakers is a big ask for one meeting, so to ensure I keep the meeting to a good time line I would appreciate it if whoever will be talking about the Annual Plan can give me a rough idea how much time will be required to do this justice and whether you think I will need to allow question time following the presentation?

If there is any information you would like us to advertise on our Facebook page prior to the meeting can you please have this to us by Thursday 4th April.

If, at the meeting, you require information to be viewed via the overhead projection system (hopefully this will be ready to use by the 8th) we would appreciate this also by Thursday so we can test the new system prior to the meeting and ensure the smooth transition between speakers and their presentation material.

Thank you for your time,

Regards Marion Satherley
