

Email to Menzshed 25<sup>th</sup> Sept 2019

1- needing design or patterns of style for seating that you have made and installed for TDC

2- the range of timber that you use or that you would recommend we are looking at putting approx two or three ( if we can) around our community. and are certainly looking for your guidance in doing this once we have decided on a pattern/style/timber would like to get a price to make and install in our area. along with a time frame that would be required.

Kind Regards

Desiree Dunlop

Secretary Mapua & Districts Community Association

Thanks Desiree,

I have now forwarded your email to the Menzshed Project manager.

Kind regards

Gail Riddell
