

## Sealing the RoW (Right of Way) from Aranui Road to the Mapua Bowling Club

Hi Richard,

I have been in contact with Richard Hilton about the state of this RoW and suggested that the time has come to seal it. The RoW serves the Bowling Club, Tamaha Scouts, Sports groups using the Domain and Domain visitors. We have counted up to 80 cars parked there at times. It also caters for heavy machinery servicing the park and big trucks for events such as the Easter Fair.

Richard advised that it would be a Capital Works project and would have to be promoted to that programme. He did say that the drainage in the carpark area was due for an upgrade within the next 6 months but to contact you to get a timeline for that work.

Richard also said that the Waimea/Moutere Reserves Programme was due for review in 2020. Can you please keep the MDCA on the list so we can promote the sealing project?

Can you please edit your response into this email

Many thanks Richard

Wayne Chisnall
