Hi Trish,

It has been brought to my attention that you have had some feedback from TDC on the impact to the bank below your property from the proposed pathway from Mapua Drive to Mamaku Drive.

I am on the Exec of the Mapua and Districts Community Association (MDCA) and I liaise with Council on pathway and roading projects and issues. We have advocated strongly for the completion of this pathway and it is #2 on the TDC pathway programme and due for completion this financial year.

I have good lines of communication with TDC and would be happy to learn about your issues and liaise with Council on these.

Regards

Wayne Chisnall

MDCA Exec
