Hi Gillian and Marion

I hope you are both well.

Today I spoke to David about updating the Ruby Bay Walking and Cycling brochure and he mentioned that you were interested in including a bird nesting icon, which I think is a great idea.

I have attached the existing map which is quite outdated so I have asked our mapping team at Council to provide an updated version. Once I have the updated map it would be great to work together to include the bird nesting areas and also the type of bird that nests there. It would also be good to see if any walk/cycle tracks are missing.

I will be back in touch once I have an updated map

Kind regards

Lani
