

Social Media Report June 2021

Facebook engagements:

Kai Collective good-sorts 251 engagements

Nomination of Nomination “The Coastal News team” for the next MDCA good-sorts

Deferred residential zone presentation 78 engagements

New feature on Facebook allowing me to see the length of time someone has been engaged with a video

Web Page (ourmapua.org)

Community Directory has now been installed on our web page. Some fine tuning is still needed. We need to send emails out to all groups on the directory so they can check that their information is correct.

Rest of web site is being enlivened with the landing page changed to be more visually appealing.

We want to get a move on about populating our Māpua environment page.

Feedback welcome on improvements we can make to the web site. Send any comments to info@ourmapua.org.
