Subject: Parking Ngaio Reserve

Hello Jessica,

At last night's meeting of the MDCA the question was asked again about what is being done by TDC property department about the owner of the Golden Bear removing the planter box from the boundary with His property and the Ngaio Park, then proceeding to park his vehicle in the access way for the rest of the day.

Apparently this is an ongoing occurrence. It was noted that the original agreement was that it would only be removed on the odd occasion to assist in deliveries and that it was not a permanent parking space. It was also to be able to be removed in the event of a fire as an exit.

Could you please clarify for me what the actual agreement was?

What steps are being taken to rectify the problem?

The group, like the waterfront group, are keen to 'nip this in the bud' before it becomes an entrenched practice by the owner.

They want it resolved quickly.

Regards,
Anne Turley.
