

Social Media report September meeting

Not a great deal of activity on Facebook the last month: Mapua Willing Wheels Testimonials: 95 engagement, Coastal News Goodsorts 91 engagements

Asking for topics to be sent to me that I can post them on Facebook. Send to info@ourmapua.org with a notification that it is for facebook. An image that goes along with it (png or jpg) would be much appreciated.

Spent considerable time on fixing my personal “Educational” ZOOM subscription so it didn’t cut out after 40 minutes in preparation for the September meeting being on ZOOM.

Updates of the community directory still active – any additions welcome again send to info@ourmapua.org and tag it “community directory”. The community directory now seems to be getting as many hits as our monthly meeting. And we haven’t even advertised it yet.

At the request of younger members of our community I reactivated our Instagram account and it is ready to go – need some keen person to help me with postings.
