Drew,

Thanks for taking time to chat today regarding the upcoming webinars for the Walking and Cycling Strategy.

Just to confirm - will the link provided below will work for both the Stakeholder and Public webinars?

Wayne / Marion,

Next **Tuesday 22nd Feb 12:30 - 1:30 pm** TDC are holding a Stakeholder-specific webinar (link attached below). As the Exec member responsible for Roads and Pathways, please feel free to join me in participating in the webinar and Q&A session.

Also, next **Thursday 24th Feb 12:30 - 1:30pm and 7:00 - 8:00pm** TDC are holding a General Public webinar. Marion - can we send a note out to all MDCA members inviting them to participate in one or other of these Public webinars?

Thanks!

Paul.

Dear Paul

Council have been working on improving how people and goods move around the district. One area that we have been looking at improving is walking and cycling as a form of transport. Council have pulled all this work together into a walking and cycling strategy. The strategy covers all micro mobility devices designed for use on footpaths and cycleways. Council has recently released the draft Walking and Cycling Strategy for public consultation and would appreciate a submission from you on behalf of Mapua and Districts Community Association.

Due to COVID 19, normal opportunities to discuss this draft strategy face to face cannot go ahead. Instead, we would like to invite you to a specific online seminar for key stakeholders where we will summarise the strategy and provide an opportunity for you to ask questions.

The online seminar will be held on Tuesday, 22 February 2022 (next Tuesday) between 12.30 and 1.30pm. The information and links to the webinar are included at the bottom of the email. You do not need to register for this webinar. If you cannot make it feel free to pass this email to some that can, or you can watch the video alongside the other engagement material (link is below).

Consultation on the draft Walking and Cycling Strategy is open until 7 March 2022. Your feedback is encouraged.

Please find a copy of the draft strategy and engagement material online at www.tasman.govt.nz/feedback, or pick up a copy at your local library or service centre. The draft strategy includes maps of towns showing how our road network may change throughout the district.

Yours sincerely

Drew Bryant and Clare Scott

Hi Paul

The link in the email is specific to the stakeholders webinar. The links to the public meetings can be found on the Walking and Cycling Strategy consultation page. I have provided the link to the page here. <https://tasman.govt.nz/my-council/public-consultation/current-consultations/draft-walking-and-cycling-strategy/>

Regards

Drew
