Hi team

My apologies for missing the meeting on Monday 8/5/23.

I understand there will be a discussion about submitting an objection to the Liquor License application and possibly a vote. As a member of the association I would like to register my agreement to an objection being submitted by the MDCA.

Relevant to this application is today's announcement that Auckland City liquor off sales stores will now be restricted to a 9pm closing time. This is in recognition of the role unsupervised alcohol consumption plays in crime and violence in our communities.

Thanks for your time focusing on this matter.

Sincerely
Bridget Castle
