Good Morning Councillor Mike Kininmonth,

What was the TDC's response to my email letter which I read out to the MDCA meeting?

This was my concern and query about the on-site safety arrangements for the **Deep Excavation work at the new housing development at 166 Mapua Drive?**

We have a MDCA meeting tomorrow night. I may like to add a foot-note to TDC's response.

Good Morning also President Paul MacIntosh and Secretary Fiona Bibby-Smith.

Addition please to the Minutes of my in-put to The Speaker's Forum of the last meeting.

Would you please note the reason of my concern as being the on-site safety arrangements at the new housing development at 166 Mapua Drive.

This addition is important. If a problem should ever occur with such works here or elsewhere people should be able to refer if necessary to previous concerns expressed.

Thank you all,

Joy Fowler.
