Kia ora,

The attached is a 1 minute read with an update on the round of community feedback for *Draft Change 1 to the Regional Policy Statement and Draft Plan Change 81 to the Tasman and The Natural Hazards Plan Change 85 Issues and Options report*.

Thank you for your support in raising awareness across the district about these draft plan changes.

Regards

John

Feedback has opened on significant future planning decisions.

Draft Change 1 to the Regional Policy Statement and Draft Plan Change 81 to the Tasman Resource Management Plan are major changes necessary to implement the first 10 years of the Nelson Tasman Future Development Strategy.

The *Natural Hazards Plan Change 85 Issues and Options* report is a foundational step toward updating the Tasman Resource Management Plan's natural hazards provisions, ensuring the District is better equipped to manage the impacts of natural hazards.

Feedback on both plan changes is now open on [Shape Tasman](#) till Monday 5 May 2025.

At the time of writing, the district wide “Meet the planners” drop-in tour visiting community halls and centres is at its halfway point. The final week starting Saturday 12 April at Motueka Library Te Noninga Kumu wraps up with a lunchtime webinar on Thursday 17 April. You can find details at the bottom of the page and on [Shape Tasman](#).

Webinar

The meet the planner's webinar on Thursday 17 April starts at 12.15 pm. The format will include two presentations followed by a Q&A session.
