

Hi Team,

Long shot, but I'm looking to reinstate the Aranui Park sign that was unfortunately too sun-damaged to save. I've managed to find a scanned copy of the original sign, but it's fairly low resolution and not suitable for a quality reprint.

Do any of you happen to have the original design file stored somewhere on your computer, or copies of the photos used in the sign? I've already located the 1984 letters on the website, so that's at least a good starting point.

Any help would be much appreciated!

Cheers,  
Michael
