

**Security Camera for Mt Hope Subdivision.**From **aporo66** Date **Tue 10:14**

My name is Steve Rice.

John Davies, who is one of the Developers of the Mt Hope Subdivision, has agreed to underwrite the initial cost, to install security cameras, at the entrance to Mt Hope Drive.

I was keen to get this moving, being one of the first builds in this Subdivision, mainly because of the theft that took place, we understand, in the Berryfield Subdivision.

I have received a scope of work with costs from Rob Security Camera.

My initial thought was to approach the Building contractors and eventually, home owners.

I understand that the Mapua Community Board, maybe able to assist.

I would appreciate any help.

I don't belong to the MCA, but I will find out, more of what you are involved in our community.

Yours faithfully,

Stephen and Ali Rice.
